ABOUT ME

I am an aspiring Game Programmer, currently studying 4th year of Bachelor's Degree in Video Game Design and Production.

Dedicated, hard-working, and organized. I perform equally well in a team as on my own. I am a fast learner and can acquire new skills in little time. Responsible, and can also work as a leader if necessary.

I am easygoing, always up for challenges and very adaptive.

SOFT SKILLS

- Proactive
- Disciplined
- Communicative
- Work under pressure
- Team worker
- Analytical

Universidad Pompeu Fabra Tecnocampus

Bachelor's Degree in Video Game Design and Production
2020 - 2024

PROJECTS

Bubble Heights - 3D platformer

A puzzle platformer game created for the 3rd year project at university.

My main role in this project was Gameplay Programmer, but I also created shaders and VFX.

Drawable - 2D puzzle platformer

It is a game created in 10 weeks during the 2nd university year.

I participated in this project as a Gameplay Programmer. The link to the project is below.
